**ESPERANZA FOUNDATION**

## Press Release

**Graeagle, June, 2017:** Esperanza Foundation is happy to present our fourth public seminar on contemporary topics to the residents of Plumas County. Our belief is in the principle of independent investigation of these pivotal topics so each attendee can form their own perspective. We are also raising funds for college scholarships for Portola High School students at a silent auction.

Saturday morning we will have a symposium with distinguished speakers on cyber-security and crime in the US, along with a singer of Ladino music. Speakers from UC Berkeley Law School and Convergent Computing highlight the program. The public is invited to participate in these free symposiums. See our website for more information: <https://esperanzafoundation.org>
